

# Endless™ Pools Fitness Systems E550

## Step it up with the fitness-first swim spa.

You play hard and work hard. Meet your newest training partner. We designed the Endless Pools® Fitness Systems E550 for the go-getters whose biggest competition is themselves. For maximum room for every aquatic workout, we expanded the width from 226cm to 239cm and removed the seats; you can still recover with hydromassage jets, but you won't mind standing.

Then there's our exclusive technology. Our exclusive Endless Pools Hydrodrive™ technology delivers powerful resistance for any workout and lets you swim without interruption for the most effective training. Opt for our underwater treadmill, and you have a complete home gym for total-body fitness, perfect for all ages. Exceed your goals at home, in style, with the E550.

# E550
